[ReachInbox](#) – Our flagship platform for outbound email automation

[Zapmail](#) – Scaled to \$15 Mil ARR in 14 months, solving for cold email infrastructure

Backend Internship Assignment - Outbox Labs

-

Kindly ensure that you've followed all the instructions provided:

- 1. The project must include all 6 features to qualify for the assignment round.**
- 2. You are required to submit a video demonstrating all the features, along with your explanation. You can use tools like Loom or similar for recording.**

You have a maximum of 48 hours to complete this assignment. Receiving this assignment means you're already ahead of many candidates. Good luck!

Note: Submitting plagiarized work will result in immediate rejection. All GitHub code will be thoroughly reviewed.

Best Regards

Talent Acquisition Team
